VERNER WHEELOCK

Excellence in food industry training

MISSION STATEMENT

Our mission is to be UK leaders in food industry training, ethical auditing and consultancy.

To achieve this, we strive to ensure that all training, auditing and developmental activity we undertake will have a positive impact on the quality and safety standards of our clients' businesses – helping them to produce and supply food that is safe.

The courses we offer are specifically designed to meet the varied needs of our clients and the challenging and changing standards of the food industry in general.

We pride ourselves on our outstanding customer service, quality offering, trustworthiness and value.

Clients can always expect a professional, friendly and supportive service from a team that cares – whether at our premises, at their own site, over the telephone, via email or video conferencing.
