BRC ISSUE 6 UPDATE

Course Summary

A one-day course certificated by VWA.

The BRC Global Standard for Food Safety has been extensively revised in consultation with senior representatives from major retailers and food service companies.

This course will look at the changes made to **Issue 6 of the BRC Global Standard for Food Safety** (January 2012), in relation to Issue 5. The Standard has been updated to provide increased emphasis on good manufacturing practice and ensures that the requirements of manufacturers and retailers are met.

Certification against the new Standard comes into force from January 2012, so as soon as the new Standard is available you should start to revise your systems in preparation for your BRC audit in 2012. Issue 5 can still be used for audits until January 2012

Entry Requirements

There are no formal entry requirements but this one day course is aimed at those in the food industry who need to ensure their systems meet the requirements of the latest BRC Standard for Food Safety (Issue 6).

Course Structure & Content

This course will help you to prepare for your next BRC audit **with confidence**. It will cover the key changes for Issue 6 include:

- Expanded sections on foreign body control, hygiene and housekeeping, and allergens.
- Introduction of a new voluntary 2 stage unannounced audit scheme.
- A reduced number of clauses to ensure each expresses a significant idea, this will contribute to consistency of grading as requirements are now of similar significance.

The course will also cover:

- Different types of audits
- Grading systems and audit frequency
